

Human Growth and Development During Pregnancy & Early Fetal Development Through Ultrasounds

7th & 8th Grade Questions

While You Watch

Take notes while watching the video. What happens in the beginning of pregnancy? What's one way pregnancy changes over time? What's one example of how the video shows growth and development?

Making Sense of What You Saw

Choose one term and explain what it means in your own words:

fertilization • implantation • zygote • fetus • ultrasound

Picture & Label

Ultrasound images can make the fetus look larger than it really is. Look at each image and fill in the circle of the fruit that is closest in size to the fetus at each stage.

9 Weeks

☐ blueberry ☐ grape ☐ orange

12 Weeks

☐ grape ☐ plum ☐ lime

Demonstrating Understanding

Explain how human growth and development changes over time during pregnancy.
How do the images (ultrasound and illustrations) help you understand what is happening?
