

Human Growth and Development During Pregnancy & Early Fetal Development Through Ultrasounds

4th Grade Questions

Before You Watch

What is pregnancy?

While You're Watching

What happens first?

What changes do you notice as the fetus grows?

What kinds of images do you see?

After You've Watched

Draw a line from the term to the correct definition.

implantation

when a sperm and egg join together to start a pregnancy

fertilization

the first cell formed after fertilization

ultrasound

the next stage of pregnancy after embryo

fetus

when the fertilized egg attaches to the uterus and begins to grow

zygote

a way to see inside the body using sound waves

Look at the pictures. Write a number on each one to show the correct order, starting with 1 for what happens first.
